

*CLOCK AND
TIME CYCLES
INTO 6 POSTERS*

*10 MINUTES TO
BUILD POSTERS*

Take the first print and place it horizontally. Take the second print and place it horizontally just next to the first print. Take the third print, place it horizontally and just beneath the first print. Take the fourth print and place it horizontally just next to the third print and just beneath the second print. Take the fifth print and place it horizontally just beneath the third print. Take the sixth print and place it horizontally just next to the fifth print and just beneath the fourth print. Take the seventh print and place it horizontally just beneath the fifth print. Take the eighth print and place it horizontally just next to the seventh print and just beneath the sixth print. Repeat this process every eighth page.

*For best results,
use a borderless printer*
